

## **Strategic Planning**

### **The Problem:**

How can an organization plan efficiently and effectively?

### **The Solution:**

1. Create and utilize effective operational plans
2. Evaluate, Recommend, Utilize and Grow (ERUG©)
3. Exploit continuous planning and utilization of operational plans
4. Project Management

### **Benefits to You:**

- Increase employee efficiency and productivity
- Reduce short and long term costs
- Improve communication
- Create sustainable task plans
